Performance You

ENDEAVOR

Innovation You Can Count On

Patented industry-first features and advanced design make the Friedrich Endeavor FWA15AZ a smart choice.

Peace-Of-Mind Performance

Relax, you're covered by a dependable warranty!—5 Year Parts.

Energy Savings

Just like a vehicle's MPG, the higher the SEER2 and EER2 rating (Seasonal Energy Efficiency Ratio / Energy Efficiency Ratio), the higher the efficiency of your air conditioner—allowing for energy savings month after month. Keep in mind, other factors such as system matching, sizing, ductwork and installation also affect overall efficiency. By working with a properly trained contractor, you can be confident that you are choosing the best heating and cooling system for your home's comfort and your budget.

Genuine Comfort

Inverter driven, variable speed, twin rotary compressor technology features cooling operation between 45% and 70% of capacity (ramping up to 100% when required) to continuously meet your ever-changing cooling needs. You'll enjoy exact temperature and advanced humidity control that combine to exceed your comfort expectations.

Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our air conditioners are designed with acoustics in mind. Integrated sound dampening features such as refrigerant tubing design, fan blade approach, a one-piece drawn base pan and innovative compressor and drive technologies let you enjoy more efficiency—and less noise.

Less Environmental Impact

The 7mm condenser coil² reduces refrigerant requirements up to 15%. This lowers the amount of greenhouse gases emitted while contributing to our sustainability goal of a 50% reduction in our greenhouse gas footprint by 2025. A win for all of us.

Durable Curb Appeal

Curved louvered panels and rugged corner posts provide excellent protection to internal components, while modern cabinet aesthetics including the powder coat paint system allow your unit to put its best face forward for years to come. This model also features a one-piece drawn and painted base pan. The pan elevates the coil off the pad helping minimize corrosion while also reducing sound.

SOUND RATING³

TESTED. TRUSTED. TOUGH.

From the smallest part to complete comfort systems, we craft quality into everything we make to be sure it's tough enough to deliver the ultimate performance you count on day after day, year after year. That reliability is what makes Friedrich different—and better.

Can Count On

ENDEAVOR®

Simplified Install & Service with Bluetooth Technology

Built-in Bluetooth® connectivity makes it faster and easier for your contractor to install and service your new system. This can help lower your costs and help make your home comfortable again—fast.

FEATURES AT A GLANCE

Cooling Efficiencies Up To:
15.2 SEER2 / 9.8 EER2

Nominal Sizes: 2 to 5 Tons

Cooling Capacities: 22.8 to 56 kBTU

Sound Rating³: As low as 61 dB

Compressor Type: Inverter Driven, Variable Speed Twin Rotary

Condenser Coil Type: 7mm

Feature Highlights

Variable Speed Twin Rotary Compressor & Inverter Drive -
Variable speed operation or 3-speed operation (with 24V Two-Stage Thermostat)

Diagnostics -
Bluetooth technology aids in quick & easy service

Limited Warranty¹:

Parts - 5 Years
