

FRIEDRICH COMMERCIAL AIR: TRUSTED BY BUSINESSES NATIONWIDE

FRIEDRICH
Commercial Air

Whether for new construction or replacement projects, Friedrich—as part of the Rheem Family of Brands—offers a wide range of commercial heating and cooling products that satisfy a wide range of design and application requirements. From retail shops, hotels, restaurants, and offices to schools, churches, senior care centers and gyms, you can easily and efficiently ensure comfort and peace of mind in any space. **Here are a few highlights of Friedrich Commercial's presence across North America:**

RETAIL STORES

A **major retailer** has invested in Friedrich® packaged units to keep shoppers and employees comfortable in **stores nationwide.**

Big-time National Retailers Count on Friedrich

Thanks to our proven technology, several major retail store brands coast-to-coast enjoy HVAC systems with convenient connectivity to their company's centralized controls, ease of equipment service and reliable responsiveness to all of their heating and cooling needs.

Friedrich Commercial Air products are available through a vast, nationwide network of local distributors—represented here with the gray dots on the map.

INSTITUTIONAL

HEALTHCARE

Bringing Comfort to Institutional Buildings & Healthcare Facilities

Our HVAC solutions provide comfortable environments and reliable long-lasting equipment required by schools, churches, government buildings and healthcare facilities, including assisted living homes, medical centers, primary care clinics and urgent care centers. From managing a wide range of load types and shifts at institutional buildings to the Indoor Air Quality (IAQ) needs of healthcare facilities, Friedrich commercial products fit the bill across the nation. A few examples include:

206 tons in a government building in California

97.5 tons in a religious building in Oregon

170.5 tons in an elementary school in Alabama

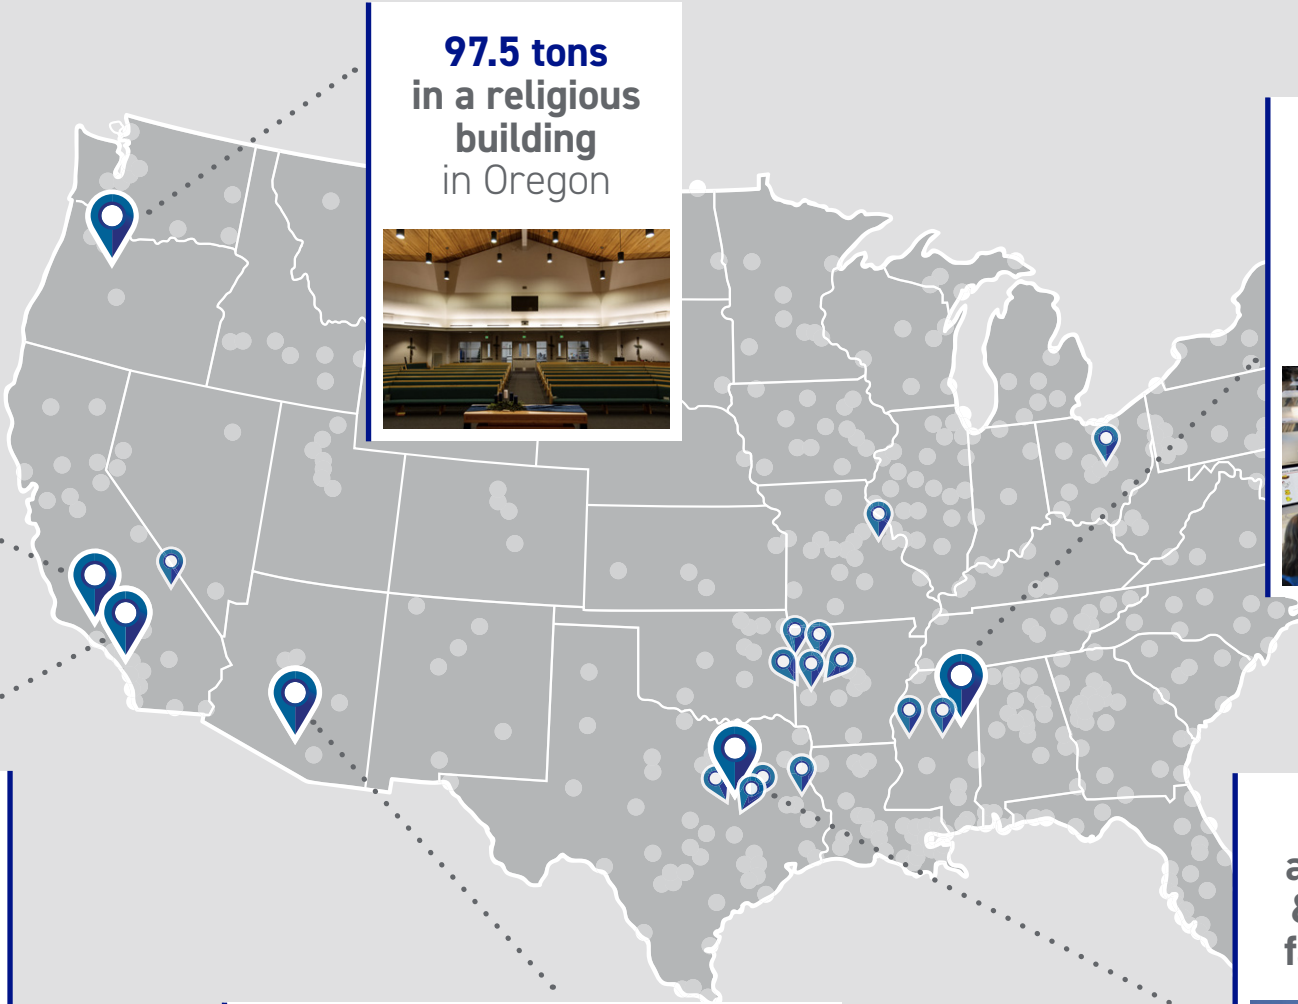

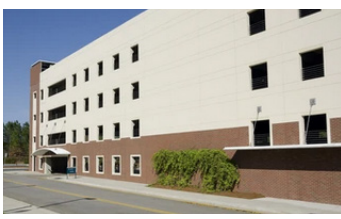

30+ tons at a California medical center

30 tons at a primary care facility in Arizona

25 tons at a counseling & intervention facility in Texas

Friedrich Commercial Air products are available through a vast, nationwide network of local distributors—represented here with the gray dots on the map.

RESTAURANTS

A well-known **national quick-serve chain** has gone all out, installing Friedrich packaged units in **restaurants across the country**, keeping customers comfortable while they dine.

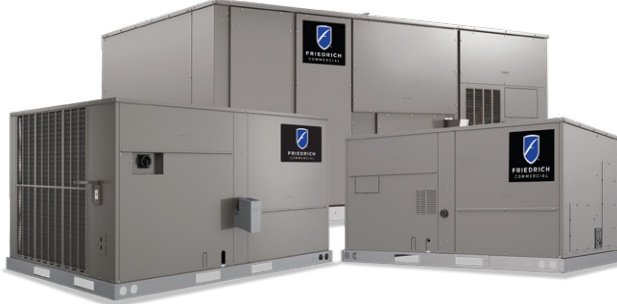

Restaurants Keep Kitchens and Dining Rooms Comfortable with Friedrich

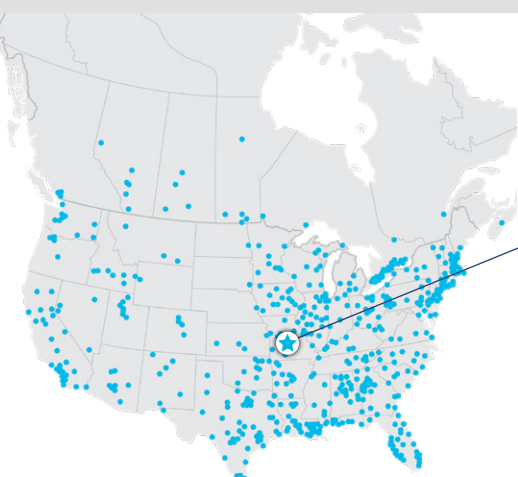

Our HVAC solutions help well-known restaurant chains maximize profits by reducing downtime, simplifying maintenance and delivering powerful, reliable heating and cooling systems at all their locations nationwide.

renaissance™
COMMERCIAL HVAC LINE

LOCALLY BASED, LOCALLY MINDED

At our heart, we're a local company with a global reach. Friedrich Commercial Ducted Air products are designed, engineered, and manufactured in Fort Smith, Arkansas, and our equipment is available through our vast network of distributors, which means local support and parts availability, should the need arise. We're committed to being a responsible corporate partner and supporting our local communities.
