# ENDEAVOR<sup>®</sup>

## Innovation You Can Count On

Patented industry-first features and advanced design make the Friedrich Endeavor FWA13NY a smart choice.

### Peace-Of-Mind Performance

Relax, you're covered by a dependable warranty<sup>1</sup>—10 Year Conditional Parts.

### Less Environmental Impact

The 7mm condenser coil<sup>2</sup> provides a decrease in refrigerant requirements up to 15%, lowering the amount of greenhouse gases emitted while contributing to our sustainability goal of a 50% reduction in our greenhouse gas footprint. A win for all of us.

### Durable Curb Appeal

Louvered side panels provide excellent protection to internal components, while modern cabinet aesthetics, including the powder coat paint system and one-piece drawn and painted base pan, prevent corrosion—allowing your unit to put its best face forward for years to come.

### Quiet Operation

Efficient home comfort shouldn't be noisy. That's why our air conditioners are designed with acoustics in mind. Integrated sound dampening features such as refrigerant tubing design, fan blade approach, a one-piece drawn base pan and innovative compressor and drive technologies let you enjoy more efficiency—and less noise.

#### SOUND RATING<sup>3</sup>

### Designing for Sustainability with Low GWP

For 2025, the Environmental Protection Agency (EPA) has set a global warming potential (GWP) limit of 700 for refrigerant used in heating and cooling systems. This new requirement will result in a 78%<sup>4</sup> lower GWP than previous-generation refrigerants—with only minimal changes to system installation. For us, this is another step toward our ongoing sustainability goal of reducing greenhouse gas emissions, while still delivering an exceptional level of energy-efficient, dependable comfort.

## FEATURES AT A GLANCE

**Cooling Efficiencies:**  
13.4 SEER2 / 9 EER2

**Refrigerant Type:** R-454B

**Nominal Sizes:** 1.5 to 5 Tons

**Cooling Capacities:**  
17.1 to 57.0 kBTU

**Sound Rating<sup>3</sup>:** As low as 68 dB

**Compressor Type:** Single-Stage

**Condenser Coil Type:** 7mm<sup>2</sup>

#### Feature Highlights:

**Expanded Valve Space** –  
Provides a minimum working area of 27-square in.

**Refrigerant Detection System<sup>TM5</sup>** –  
Integrated, patented design providing system protection and homeowner peace-of-mind with low GWP refrigerant monitoring

**Limited Warranty<sup>1</sup>:**

**Conditional Parts** – 10 Years  
(registration required)

TESTED.  
TRUSTED.  
**TOUGH.**

From the smallest part to complete comfort systems, we craft quality into everything we make to be sure it's tough enough to deliver the ultimate performance you count on day after day, year after year. That reliability is what makes Friedrich different—and better.
